

Zenwing Puppets deliver children's workshops and puppet shows. Since 2006, over 7000 children have seen our puppet shows and workshops, (and over 2500 adults). The past two years has been noticeably tougher; we have made a loss, but intend to keep going, because this is what we do.

Schools:

Our School workshops receive high praise for promoting children's confidence and supporting creativity. Our main workshops are for 3yr to 5yr and 5yr to 12 yr. We also ran iDiscover (NESTA) programmes for 13 and 14yr old students.

Community:

We enjoy visiting community halls and have built up some wonderful relationships with people who give a lot of time and energy for community work.

Treasure Island played Farr Woods (above), Belladrum, Spectrum centre, Anam Cara Inverness & Swadlincote Derbyshire.

The Diva had a birthday party this year, as part of a corporate event, and was sung to by over 170 people. **Travellers' Follies** played Skye, Invergarry, The Ironworks and various other halls

Ben Wyvis

We made it to the top to meet Plan B dance company and watched them perform dangerous moves on the mountain!

New Show:

We're making the new show 'Sedna, Skeleton Story' with Bob Pegg, musician, and

wonderful makers Lar McGregor and Amy Clarkson (and our black cat).

The Truth

This is another new show without words for children, which is coming to Belladrum 2012.

Christmas Show

We're getting all the puppets ready for our annual Christmas Show... hurray!!

Thank you to all participants and audience members.
Karrie & Chris

Puppetry and health has now moved to creativityincare.org

We remain
